

InvasiBES // Understanding and managing the impacts of Invasive alien species on Biodiversity and Ecosystem Services

On-line, second annual meeting, 18-19 September 2020

General notes:

The schedule indicates local time in Sevilla (CEST). This corresponds to 8am-1pm in California and 11am-4pm in Massachusetts.

Please prepare a 12-15 min presentation of the progress of your InvasiBES related work.

We will accommodate the timings as we progress.

Keep all non-scientific issues for the last day.

Please have a look at the list of Milestones and Deliverables before the meeting.

Chairs: Belinda Gallardo (+34 653070775, feel free to whatsapp) and Montse Vilà (Mobile: +34 690934093, feel free to whatsapp)

PARTICIPANTS (17):

- SPAIN: Belinda Gallardo (IPE-CSIC), Montserrat Vilà, Rubén Bernardo (EBD-CSIC), Pablo González-Moreno (U. Córdoba)
- FRANCE: Laure Gallien (LECA-CNRS)
- GERMANY: Jonathan Jeschke, Wolf-Christian Saul (FU & IGB), Oliver Dilly, Sandra Skowronek (German Federal Agency for Nature Conservation)
- SWITZERLAND: Sven Bacher, Giovanni Vimercati (U. Fribourg)
- USA: Cascade Sorte (UCL), Bethany Bradley (UMass),
- AUSTRIA: Franz Essl and Guillaume Latombe (U. Vienna).

FINAL PROGRAM

Friday, 18th September

17:00-17:15 Round of personal introductions.

17:15-17:45 WP 1. *Participatory planning and evaluation of scenarios of invasive species and ecosystem services.* Jonathan Jeschke, Wolf-Christian Saul and Bethany Bradley.

17:45-18:15 WP 2. *Evaluating the positive and negative impacts of invasive species on biodiversity and ecosystem services.* Sven Bacher and Giovanni Vimercati.

18:15-18:30 Coffee break and video about Croatia

18:30-19:00 WP3 *Assessing and mapping the impacts of invasive species on biodiversity and ecosystem services in Europe.* Belinda Gallardo and Montse Vilà.

19:00-19:30 WP4. *Assessing and mapping the impacts of invasive species on biodiversity and ecosystem services in the US.* Bethany Bradley and Cascade Sorte.

19:30-19:45 Break and installation of subgroups

19:45-20:30 Update on AlienScenarios. Franz Essl and Guillaume Latombe.

20:30-21:00 Synergy break-out-groups

Topic 1: Stakeholder engagement in workshops: straightening Europe-US collaboration

Topic 2: Impact risk assessments: improvements and their use beyond species ranking

Saturday, 19th September

17:00-17:30 Break-out-groups reporting

17:30-18:45 WP 5. *Impacts of invasive species on biodiversity and ecosystem services at the local scale.*

WP5.1 Field studies – terrestrial. Laure Gallien.

WP5.2 Field studies –freshwater. Belinda Gallardo and Rubén Bernardo.

WP5.3 Field studies – marine. Cascade Sorte.

18:45-19:00 Break

19:00-19:30 WP5 Follow up. Synergies among field studies and discussion.

InvasiBES // Understanding and managing the impacts of Invasive alien species on Biodiversity and Ecosystem Services

19:30-20:30 General discussion and non-scientific issues.

- Project Milestones and Deliverables (see list at the end)
- Cost-neutral extension
- Reports
- Responsibilities: data manager, engagement officer, social media manager,
- Data management: coordination and sharing of databases and models,
- Postdocs & PhD students: networking, short stays with other partners,
- Interaction among partners and relationship between WPs,
- Scientific communication: expected papers in the short-term, talks & posters to conferences and scientific meetings
- More on communication: webpage, social media, fliers/artistic expressions
- Synergies with other projects: AlienScenarios, OBServ, BioRISC, AlienSCI
- Next meetings/workshops.

20:30-21:00 Farewell and glass of wine (each partner describe the one they chose)!

Summary of Milestones and Deliverables expected for Months 18-24:

- Intervention scenarios: report
- Artistic expressions
- New protocol: prototype, training workshop, test results
- IAS of interest in Europe: impacts database, distribution models, threat to ecosystem services
- Field work campaigns
